From the NW Health Unit

Give the gift of physical activity - give a present that promotes fun and active play. Winter time is a great time for kids to get outdoors and be active. Are you having a hard time deciding what to buy for a child? Give the gift of fun and play by giving an active gift:

- Geocaching kits - kids will love it!
- Family play pass
- Bundle up and play outside with the kids
- Sports equipment - sliding saucers, skates, skis, toboggans, hockey sticks, snowshoes, snowboards, helmets, mouth guards.
- Recreation passes or memberships to use for public skates and swims
- Shiny hockey or swimming lessons
- Warm clothing, mitts or footwear for outdoor winter play
- Pedometer to count your steps and track activity levels

Be careful with your words; they can be forgiven, but not forgotten.
